

# Extension of Netball Europe officiating awards / roles due to COVID-19

## Netball Europe C, B and A umpiring award

### Written awards C, B and A

Any umpire who already has a written award pass with an expiry date on or after 16<sup>th</sup> March 2020 will have their expiry date extended by 12 months (so for example, if your expiry date was originally April 30<sup>th</sup> 2020 this will now be extended to April 30<sup>th</sup> 2021).

### Attended a C or B course and not already applied for written assessment

Learners have 2 years from the date that they attended a course (either C or B award) in which to take their written assessment. This is being extended by 12 months from the recommencement of competition following the end of lockdown (date to be confirmed).

### Application for C, B and A practical assessment

All applications for practical assessments that have already been submitted to a country organiser will remain valid. When competition recommences following the end of lock down (date to be confirmed), organisers will be required to arrange the assessment within the following timeframes:

- C award - 6 months (currently 3 months)
- B award - 8 months (currently 4 months)
- A award - 12 months (currently 6 months)

INTO officiating - 3 months (currently 1 month)

These timeframes have been extended to allow the candidates sufficient time to undertake relevant match umpiring in preparation for their practical assessment and to allow organisers sufficient time for the organisation of the assessment.
